

TechNova Solutions

Employee Leave Policy

1. Purpose

The purpose of this Employee Leave Policy is to provide clear guidelines regarding leave entitlements, leave requests, approvals, and emergency leave for employees of TechNova Solutions.

2. Annual Leave

Full-time employees of TechNova Solutions are entitled to **18 days of annual leave per calendar year**.

Annual leave may be used for personal activities, vacations, family commitments, or other planned absences. Employees are encouraged to plan their annual leave in advance and coordinate their leave with their manager and team to avoid disruption to ongoing work.

Unused annual leave may be subject to the carry-forward rules described in Section 4 of this policy.

3. Sick Leave

Employees are entitled to **10 days of sick leave per calendar year**.

Sick leave is intended for situations where an employee is unable to work due to illness or requires time away from work for health-related reasons. Employees should inform their manager as soon as reasonably possible when they are unable to report to work because of illness.

4. Carry Forward of Annual Leave

Employees may carry forward **up to 5 unused annual leave days** from one calendar year into the next calendar year.

For example, if an employee has 7 unused annual leave days at the end of the year, only 5 days may be carried forward under this policy.

The remaining unused days above the permitted 5-day carry-forward limit will not be carried forward unless an applicable company rule provides otherwise.

Carry-forward applies only to annual leave and does not increase the employee's annual sick leave entitlement.

5. Leave Approval

Employees who know in advance that they will need leave should submit their leave request through the **employee portal at least 3 working days before the planned leave**.

The employee should provide the required leave dates and any other information requested through the employee portal.

Submitting a request does not automatically mean that the leave has been approved. Employees should check the employee portal or communicate with their manager to confirm approval before making plans that depend on the leave being granted.

6. Emergency Leave

Emergency leave may be requested when advance notice is not possible.

Examples of situations that may require emergency leave include unexpected personal or family circumstances that require the employee's immediate attention.

When emergency leave is necessary, the employee should **inform their manager as soon as reasonably possible**.

The employee should provide the relevant information about their absence and submit any required leave request through the employee portal when possible.

7. General Guidelines

Employees are responsible for keeping track of their available leave balance and submitting leave requests through the appropriate company process.

Managers are responsible for reviewing leave requests while considering team requirements and business operations.

Employees should avoid unnecessary last-minute leave requests when the need for leave is known in advance.

8. Leave Entitlement Summary

Leave Type	Entitlement	Special Rule
Annual Leave	18 days per calendar year	Up to 5 unused days may be carried forward

Sick Leave	10 days per calendar year	No annual-leave carry-forward rule applies
------------	---------------------------	--

9. Key Points
